

# TABLE OF CONTENTS

---

## ADVANCED DEGREES

### AERONAUTICAL AND ASTRONAUTICAL ENGINEER

Rocket Plume Tomography of Combustion Species .....3

### ELECTRICAL ENGINEER

Active Queue Management Mechanisms for Real-Time Traffic Manets.....5

## MASTER OF SCIENCE

### AERONAUTICAL ENGINEERING

Development of a Six-Degree-of-Freedom Model for a Fully Deployed G-12 AGAS Delivery System.....9

### APPLIED PHYSICS

Experimental Determination of Paraxial Ray Transfer Matrices and Cardinal Points of Complex Optical Systems by Means of Finite Conjugate Imaging .....11

The Naval Postgraduate School's Small Robotics Technology Initiative: Initial Platform Integration and Testing.....11

The Design and Optimization of a Power Supply for a One-Meter Electromagnetic Railgun.....12

Absolute Calibration Techniques for UV Spectroscopy Based Upon Platinum Emission Line Spectra.....12

A Free Electron Laser Weapon for *SEA ARCHER*.....13

Simulations of the Proposed TJNAF 100 KW Free Electron Laser and Comparison with TJNAF Low Power Experiments .....13

Optical Characterization of Soot Properties in a Film-Cooled Kerosene/Oxygen Exhaust Plume.....14

### ASTRONAUTICAL ENGINEERING

Development and Control of a Three-Axis Satellite Simulator for the Bifocal Relay Mirror Initiative .....15

Characterization and Performance of a Liquid Hydrocarbon-Fueled Pulse Detonation Rocket Engine .....15

Rocket Plume Tomography of Combustion Species .....16

### COMPUTER SCIENCE

Dynamic Parameterization of IPsec .....17

Legacy System Upgrade for Software Risk Assessment.....17

An Assessment of Emerging Wireless Broadband Technologies.....18

## TABLE OF CONTENTS

---

MAGMA <sup>®</sup> : A Liquid Software Approach to Fault Tolerance, Computer Network Security, and Survivable Networking.....	18
Network Application Server Using Extensible Mark-up Language (XML) to Support Distributed Databases and 3D Environments.....	19

### **CONTRACT MANAGEMENT**

Comparison of Design-Build to Design-Bid-Build as a Project Delivery Method.....	21
Implementing a Standardized Purchase Card Program at Naval Facilities Engineering Command, Southwest Division.....	21
Study on the Applicability of and Use of Property Management Regulations in Support of Major Acquisition Programs in the Department of the Navy.....	22
An Analysis of the Smartpay Program at the U.S. Army Communications Electronics Command.....	22
The Changing Face of the Contracting Professional in the Department of Defense.....	23
Analyzing Department of Defense's Use of Section 845 Other Transactions as a Method for Accessing Non-Traditional Technology.....	23
Acquisition of Engineering Services.....	24
Telecommuting in the Federal Workforce.....	24
An Analysis of the Award Fee Process at Naval Facilities Engineering Command Southwest Division.....	24
An Identification and Possible Method of Collection/Reporting of Under-Reported Small Business Utilization Data for the Space and Naval Warfare Systems Command.....	25
Re-engineering Best Value Source Selection Through Process Innovation and the Selected Application of Information Technology.....	25

### **DEFENSE ANALYSIS**

Clandestine Communication Systems.....	27
Command and Control of Specialized Aviation Assets: A New Operational Concept.....	27
Asymmetric Warfare and the Will to Win.....	28
On Deceiving Terrorists.....	28
An Analysis of the Naval Special Warfare Twenty-One Transformation.....	29
Unconventional Assisted Recovery (UAR): Historical Case Study Analysis and Quantitative Feasibility Assessment.....	29
Future Warfare and the Special Operations Command Budget.....	30
Cyberterror: Waiting for the Sky to Fall.....	30

### **ELECTRICAL ENGINEERING**

Analysis of Tactical Exfiltration and Dissemination of Unattended Ground Sensor Data Using National Systems.....	31
Performance Analysis of OFDM in Frequency-Selective, Slowly Fading Nakagami Channels.....	31
FFT-Based Spectrum Analysis Using Digital Signal Processor.....	32
Radiation Effects on Multi-Junction Solar Cells.....	32
Active Queue Management Mechanisms for Real-Time Traffic in Manets.....	32
Extending IEEE 802.11b Wireless Local Area Networks to the Metropolitan Area.....	33
Attitude Determination Using Star Tracker Data with Kalman Filters.....	33

### **ENGINEERING ACOUSTICS**

Numerical Analysis of Bottom Reverberation and the Influence of Density Fluctuations.....	35
-------------------------------------------------------------------------------------------	----

### **INFORMATION TECHNOLOGY MANAGEMENT**

Prioritization of Information Assurance (IA) Technology in a Resource Constrained Environment.....	37
----------------------------------------------------------------------------------------------------	----

## TABLE OF CONTENTS

---

Network Application Server Using Extensible Mark-Up Language (XML) to Support Distributed Databases and 3D Environments .....	37
-------------------------------------------------------------------------------------------------------------------------------	----

### **LEADERSHIP AND HUMAN RESOURCE DEVELOPMENT**

Identifying Midshipmen for Academic Assistance Using Entry Variables .....	39
----------------------------------------------------------------------------	----

### **MANAGEMENT**

Making System Supportability a Reality: Applying the Principles of Organizational Transformations .....	41
An Analysis of the Effect of the U.S. Marine Corps' Lump Sum Selective Reenlistment Bonus Program on Reenlistment Decisions .....	41
A Classification and Analysis of National Contract Management Journal Articles from 1990 to 1999 and Journal Supply Chain Management Articles from 1987-2000 .....	42
Marine Officers and Election 2000: New Praetorians or Loyal Centurions? .....	42
Commercial Methodologies for Acquiring Consulting Services: Can Department of Defense Contracting Activities Follow Suit? .....	43
An Analysis of the Impact of Reliability and Maintainability on the Operations and Support (O&S) Costs and Operational Availability (AO) of the RAH-66 Comanche Helicopter.....	43
Increasing NPS Enrollment: A Cost-Benefit Analysis of Implementing Distributed Learning and the Masters of Business Administration Programs.....	44
A Cost Estimation Model for Commander Naval Air Forces Pacific's TACAIR F/A-18S Aviation Depot Level Repair Costs.....	44
Maintenance Trend Analysis of Air Conditioning Systems for Ship Operations in the Arabian Gulf .....	45
Redesigning the United States Marine Corps Contingency Contracting Process of Knowledge Sharing and Tool Usage .....	45
Post-Reunification German Military Involvement in International Crises; Foreign and Security Policy Commensurate with National Sovereignty.....	46
The Potential Impact of Reverse Auctions on the Department of Defense Supplier Base .....	46
Dynamic Pricing Possibilities in the Purchase of Bulk Fuel for the Department of Defense.....	47
Acquisition Strategies for Aging Aircraft: Modernizing the Marine Corps' CH-53E Super Stallion Helicopter.....	47
Case Study of the Naval Postgraduate School's Distance Learning Program .....	48
Development of a Comprehensive Process for the Department of the Navy to Capture Reimbursable Costs as it Related to the Use of Aircraft Platforms in Support of Global Contingencies from the Overseas Contingency Operations Transfer Fund.....	48
Contracted Logistics Support in Operational Environments: The Legal Issues and their Effects on the Decision to Outsource .....	49
A New Approach to Property Disposal Within the Federal Government.....	49
Performance Based Services Acquisition: An Analysis of Performance Based Logistics Services .....	50
Analysis of the Medium Tactical Vehicle Replacement (MTVR) Contractor Logistics Support (CLS) Contract .....	50
Criteria for Evaluating United States Marine Corps Installation Strategic Management .....	51
A Strategic Plan for the Crusader Howitzer .....	51
Award Term Incentive: How it Might be Implemented at U.S. Naval Procurement Activities .....	51
Cost Analysis of the United States Marine Corps Federal Employee's Compensation Act (FECA) Program .....	52
Need for Qualified Contracting Officers in the Armed Forces of the Philippines (AFP) Modernization Program.....	52
Macroeconomic Scenario Building for Strategic National Defense Planning.....	53
Increasing the Utilization of Commercial or Commercial Off-The-Shelf Items in Acquisition Programs: Problems, Issues, and Best Practices.....	53
An Improved Inventory Control Model for the Brazilian Navy Supply System .....	54

## TABLE OF CONTENTS

---

Performance-Based Payments: Why Have They Not Been Adopted as the Preferred Method of Contract Financing? .....	54
Comparison of Environmental Remediation Contracting Approaches Between the Department of Defense and the Private Sector .....	55
The Use of Decision Support Systems to Innovate the Process of Contracting for Goods and Services at the Marine Corps Eastern Recruiting Region Regional Contracting Office .....	55
Women in Combat: Attitudes and Experiences of U.S. Military Officers and Enlisted Personnel .....	56
Future Warfare and the Special Operations Command Budget .....	56
Logistics and Maintenance Concepts for a Future Naval Force .....	57
Advantages of Application of Electronic Commerce in Procurement for the Armed Forces of Brazil and South Korea .....	57
Developing the Best Methods of Internal Contracting Support for Deployed Marine Expeditionary Units (MEU) .....	58
The Cost Effectiveness of West Coast Distributed Simulation Training for Pacific Fleet .....	58
Career Anchors: Understanding Differences Among Demographic Groups at the Naval Postgraduate School .....	59
Cost-Effectiveness Analysis of Radar Upgrades to the Marine Corps F/A-18 Hornet .....	59
Past Performance Information: Analysis of Opinions from the Court of Federal Claims and the General Accounting Office .....	60
Improving the Turkish Navy Requirements Determination Process: An Assessment of Demand Forecasting on Demand Forecasting Methods for Weapon System Items .....	60
An Economic Analysis of Commercially Based Tactical Vehicles Acquisition for the Department of Defense .....	61
Using Evolutionary Acquisition in the Management of Major Defense Acquisition Programs .....	61

### **MECHANICAL ENGINEERING**

Numerical Analysis of Heat Exchanger Performance for a Staggered Short Pin-Fin Array .....	67
Finite Element Modeling of Metal Foam Structures Subject to Compressive Loading .....	67
A Coupled Hydrodynamic/Structural Model for Ship/Ramp/Barge Interface .....	68
Investigation of Wave Motion Effects on the NUSC 21UUV Through Simulation .....	68
Thermomechanical Cycling of Flip Chip Solder Joints With and Without Underfill Encapsulant .....	69

### **METEOROLOGY AND PHYSICAL OCEANOGRAPHY**

A Fine Resolution Model of the Leeuwin Current System (LCS) .....	67
Maritime Frontogenesis .....	67
The Contribution of Symmetrization to the Intensification of Tropical Cyclones .....	68
Planetary and Topographic Beta Effects on the Northern Canary Current System (NCCS) .....	68
Validation of Global Wave Prediction Models with Spectral Buoy Data .....	68

### **MODELING, VIRTUAL ENVIRONMENTS, AND SIMULATION**

Multimedia Data Capture with Multicast Dissemination for Online Distance Learning .....	71
-----------------------------------------------------------------------------------------	----

### **OPERATIONS RESEARCH**

Funding Site Cleanup at Closing Army Installations: A Stochastic Optimization Approach .....	73
A Lagrangian Heuristic for Solving a Network Interdiction Problem .....	73
Predicting Battle Outcomes with Classification Trees .....	74
Scheduling and Distributing Intra-Theater Wartime POL Requirements Under Uncertainty .....	74
Operational Logistics Wargame .....	75
Optimized Procurement and Retirement Planning of Navy Ships and Aircraft .....	75
Optimal Stationing of U.S. Army Forces in Korea .....	76

## TABLE OF CONTENTS

---

### **PHYSICAL OCEANOGRAPHY**

Seasonal Variability of Extratropical North Pacific Wind Stress, Ekman Pumping and Sverdrup Transport .....	77
SeaWiFS Analysis of the Japan and East China Sea Air/Sea Environment .....	77
Ship Detection Performance Prediction for Next Generation Spaceborne Synthetic Aperture Radio .....	78

### **PHYSICS**

A Methodology to Measure Metal Erosion on Recovered Armatures.....	79
--------------------------------------------------------------------	----

### **PROGRAM MANAGEMENT**

A Government User's Perspective of Testing .....	81
Can Level of Information Systems Interoperability (LISI) Improve DoD C4I Systems' Interoperability? .....	81
An Analysis of the Feasibility and Benefits of Standardizing the Management of Flight Safety Critical Parts Within the Department of Defense .....	82
Technical Management Oversight Framework for International Defense Acquisition: Presentation, Application, and Analysis.....	82
Changing Suppliers During the Transition From Development to Production.....	83
Open Systems and Commercial Off-The-Shelf (COTS) Acquisition Strategies for Live-Fire Targetry .....	83
Contractors on the Battlefield: A Case Study of the Airborne Reconnaissance Low (ARL) Life Cycle Logistics Support Contract—March 2000 Through September 2001 .....	84
The Reality of Estimation Costs in Production Contracts .....	84
The Reliability Challenge: Common Pitfalls and Strategies for Maximizing Inherent Reliability of Weapon Systems .....	85
Acquisition Reform: How Does it Work? Does it Work for Information Technology Systems? A Case Study of Joint Computer Aided Logistics System (JCALS).....	85

### **SOFTWARE ENGINEERING**

Re-Engineering Legacy System-ISABPS.....	87
Tactical Voice Communication Over Shipboard Local Area Networks.....	87

### **MASTER OF ARTS**

### **INTERNATIONAL SECURITY AND CIVIL-MILITARY RELATIONS**

Returning to the Past? The Political Implications of Communist Electoral Victory in Post-Soviet Moldova .....	91
New Terrorism? A Case Study of Al Qaida and the Lebanese Hezbollah .....	91
The Military as a Hindrance in Mexico's Consolidation of Democracy .....	92

### **NATIONAL SECURITY AFFAIRS**

Karabagh Conflict and Its Effects on Turkey's Role in the Caucasus.....	93
Turkey's Response to the Threats of Weapons of Mass Destruction .....	93
A Historical Survey of the British Mandate in Palestine 1920-1948: Policies Contributing to the Jewish/Arab Conflict.....	94
Colombia's Economic Recession: The Impact of Guerrilla Violence, Illicit Drug Trafficking, and the 1991 Constitution.....	94
American Middle East Policy: Increasing the Threat to U.S. Forces in Saudi Arabia?.....	95

## TABLE OF CONTENTS

---

The Evolution of a Japanese Theory of Conflict Management and Implications for Japanese Foreign Policy .....	95
The Potential Role of the Philippines in U.S. Naval Forward Presence .....	96
Making a U.S.-India Strategic Partnership Work .....	96
Determining Insurrectionary Inclinations Among Indigenous Peoples of Ecuador .....	97
European Union: U.S. Hegemonic Competitor .....	97
The Sources of Conflict in the Euphrates-Tigris Basin and Its Strategic Consequences in the Middle East .....	98
Security or Politics: The Return of the Golan Heights .....	98
Former Yugoslav Republic of Macedonia: The Emergence of the “New Macedonian Question” in the Remains of Second Yugoslavia. Survivability of the New Post-Cold War State in the Balkans .....	99
The Russian Navy and the Future of Russian Power in the Western Pacific .....	99
The Crisis of 2005 – The Role of U.S. Naval Forward Presence in the Evolution of Relations Between the People’s Republic of China and the Republic of China.....	100
State Development in Sub-Saharan Africa .....	100
Is the U.S. Navy Prepared to Counter Biological Warfare Threats? .....	100
New Terrorism? A Case Study of Al Qaida and the Lebanese Hezbollah .....	101
The Development of Central Asia Through the Middle East .....	101
Venezuela’s Changing Foreign Policy Towards the United States .....	102
STUDENT INDEX .....	105
ADVISOR INDEX.....	107
